

Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 11 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with outbreaks of rain today.

Today:
A dry yet cloudy start for most with the odd shower in the west. Turning wetter as a band of heavy rain moves slowly across the country. Heaviest in the northwest and over higher ground. Maximum temperature 20 deg C (68 deg F).

Tonight:
Clearer conditions develop as the rain band gently eases from the early evening, leaving a dry night for most with clear skies. Minimum temperature 10 deg C (50 deg F).

Thursday:
Cloudy in the southeast with outbreaks of drizzle at first, turning drier and brighter this afternoon. Dry elsewhere with sunny spells. Maximum temperature 18 deg C (64 deg F).

Outlook for Friday to Sunday:
Friday fine and dry at first before rain arrives in the afternoon. Largely dry with some hazy sunshine on Saturday. Cloudy and breezy with outbreaks of rain on Sunday.
